

PROFESSIONAL SERVICES COMPANY

MESSAGE FROM CEO

As a CEO, at PROFESSIONAL SERVICES COMPANY, I strongly believe that "a satisfied customer will promote our business multifold". Our most important asset shall be our reputation for ethical behavior, honesty and fair dealing.

Although relatively young, our successes are built on a strong culture that cares our employees and clients first. Our guiding principles include understanding our client, teamwork and respect for all.

Leveraging the accumulated professionalism and experiences from our employees and the partners over the years, we feel proud to present our self as a services oriented company covering the areas of Engineering & Construction, Manufacturing, Industrial Services, Inspection, Consultancy and Trading.

I am confident that PROSERVE will continue with its strong growth and evolve to always meet the needs of our Customers and capture the opportunities within the aforesaid sector.

My special thanks to all our clients for their trust and confidence and I personally assure them of our continued services to the highest degree of professionalism.

SHABIB M. AL SUDAIRI

VISION

PROSERVE endorses a partnership approach in becoming a leading Engineering, Construction, Manufacturing, Inspection and Trading services company in the Kingdom of Saudi Arabia, while promoting sustainable and economic growth gained through the ultimate use of professional expertise in an ethical and balanced manner practices.

MISSION

Our mission is to consistently pursue achieving the following:

Customers:

- Strive to meet or exceed our Customer's expectations to adore the long term partnerships.

Services:

- Undertake in providing our services with a focus on becoming the leader, while our excellence is exhibited in every aspect of our work showcasing safety, timely delivery and quality outputs.

Employees:

- Value our staffs and create a world class work environment supporting in fulfillment of their career goals while delivering loyally and productively instilling high work ethics.

Company:

- Provide quality services to our customers through the application of hard work, value engineering and effective construction practices, while striving to sustain long term relationship.

SAFETY POLICY

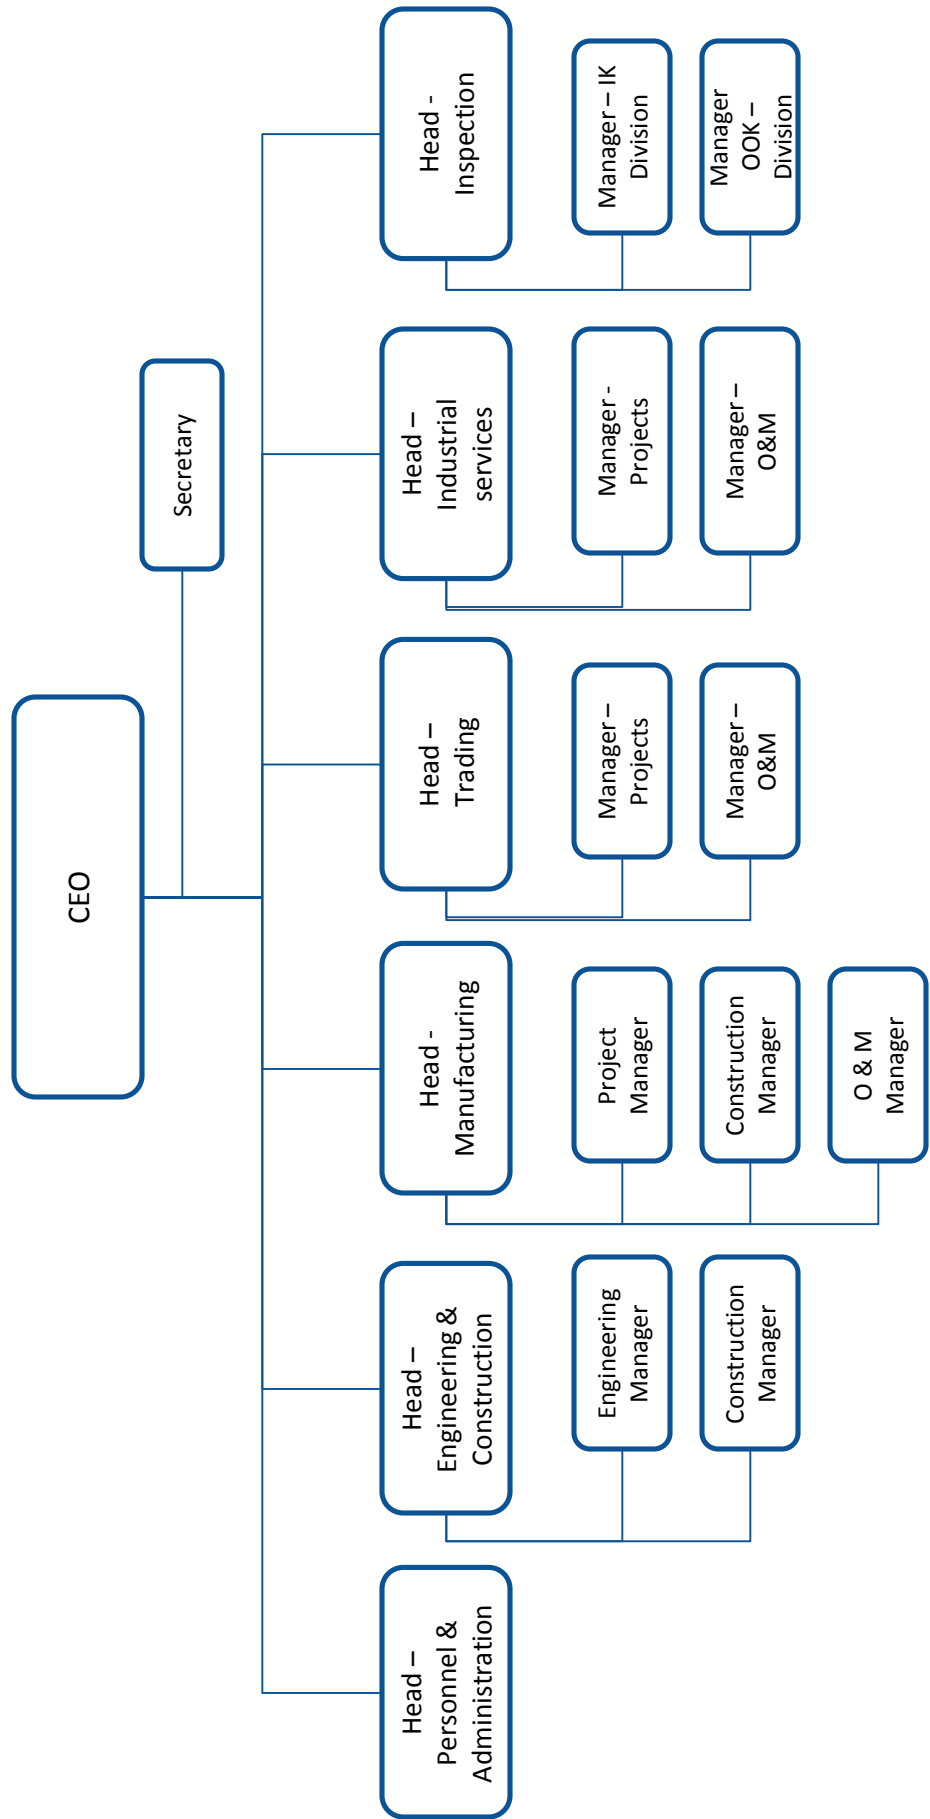

PROSERVE shall provide utmost importance to the safety and welfare of its employees and are determined to operate business ensuring safe work practices being followed every day and everywhere.

To meet our commitment to safety, PROSERVE management will:

- Promote and implement effective health and safety management system consisting of objectives, targets and focus on continual improvement.
- Ensure that all employees, sub-contractors and clients understand and endorse our vision of **'SAFETY FIRST'**.
- Encourage employees to carry out their work in accordance with our safety rules and requirements and ensure controls are implemented accordingly.
- Ensure that all incidents are fully and transparently investigated and appropriate measures are taken to prevent a recurrence.
- Train and empower employees to cease work where a threat to safety is identified.

ORGANIZATION

ENGINEERING & CONSTRUCTION

PROSERVE had joined hands with ICONS Engineering to facilitate the global experiences gained in Oil & Gas, Petrochemical, Power, Chemicals and Fertilizer industries to the Middle East.

We have thus attained the strength to provide cost effective single source multi-discipline services of world class quality to our customers.

Our services include:

- Engineering
- Procurement Assistance
- Engineering Consultancy
- Client Supports

Our local presence and experiences with the above ability together is well sufficient to undertake any type of construction projects. We can handle small scale to medium sized construction at any point of time and ensure our customers that they receive cost effective quality services.

TRADING

PROSERVE is a customer focused company engaged in providing wide range of solutions to our customers from local and international market. Having partners in South and South East Asia, we are capable to source out the right requirements for our clients in time. Understanding projects and its importance to the client, has prompted us to extend this service as we feel we are equally responsible for holdups and inopportune completions.

Presently, under the trading, we handle all kind of materials required for the execution of our projects and some specifically demanded requirements of the customers.

INSPECTION

PROSERVE is engaged with OMARAIN TECHNICAL SERVICES, a South East Asian company located in Singapore to handle the Audit & Inspection Services.

We are capable to provide the following services include:

- Oil Rig Survey/ Audit
- Drilling System & Drilling Equipment Inspection
- Drill Pipe Inspection
- Complete Offshore and Onshore Drilling Operations Technical Support for Drilling Rigs
- Fulfilling Men and Material requirements to Offshore Operating Rigs
- Rig asset management

INDUSTRIAL SERVICES

In order to endow with a broad range of services to ensure a complete response from a single source, PROSERVE has added Industrial services to its list of options.

In order to become a quality service provider in industrial services to our customers, we focus on the followings:

- Equipment Rentals
- Maintenance and Operation Supports
- Cleaning & Hydro-jetting Services

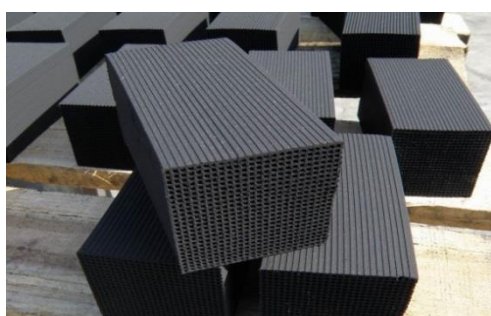

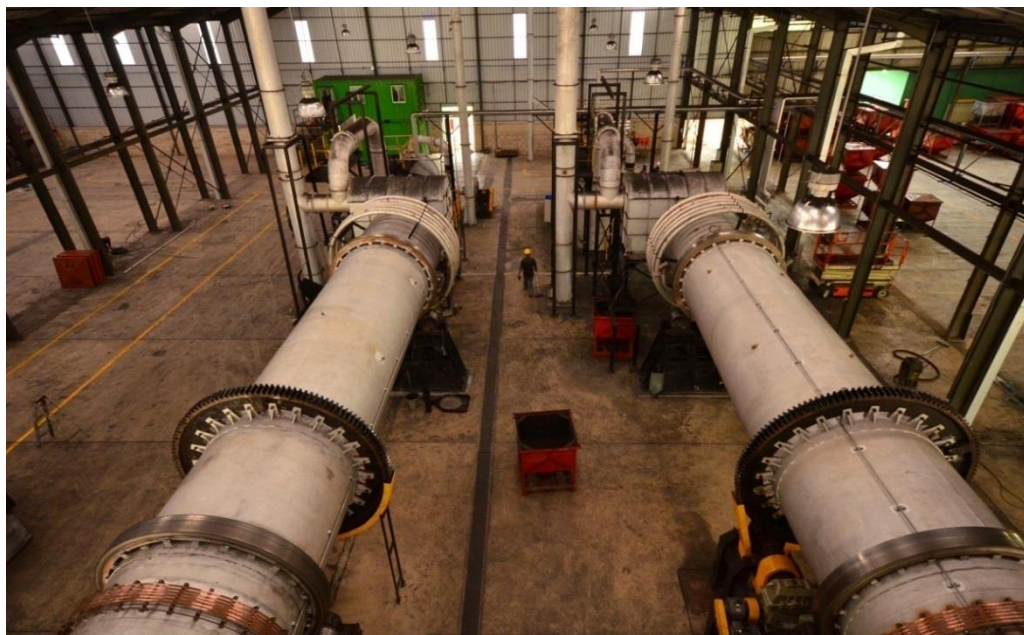

Successful plant operation is linked to Safety and strict compliance and adherence to Safety requirements is our prime motto. Working together with our customer's, we strive forward to become preferred industrial services provider in the Middle East.

MANUFACTURING

After having completed the business case, PROSERVE is in finalization of conceptual packages for a well known useful, daily-use product for our customers, to serve the entire industries in the Middle East.

Inshallah, we expect to start our manufacturing facility, located in Jubail by the end of 2017.
